

A Bucket Full of Rosés!

Add Some Beauty to Your Ice Bucket

MATERIALS

- 1 Dozen roses (or an edible flower of your choice)
- 2" square silicone ice cube trays
- 5 cups distilled water

PREP TIME

- Prep | 20 m
- Freeze Time | 3 hrs
- Ready in | 3 hrs 20 min

METHOD

- 01** Prepare your flower by removing the blossom from the stem.
- 02** To suspend flowers in the cubes, work in layers: Fill the ice cube tray $\frac{1}{4}$ of the way full with the prepared water. Place the blossom facing down into each compartment of the tray.
- 03** Place in the freezer and allow them to freeze completely.
- 04** Add more water to fill halfway and freeze completely. Add water to fill and freeze again.
- 05** When your cubes are ready, add them to your bucket and fill with your favorite bottles of sparkling wine!
